

We are keen to understand your exacting requirements for blast pot hire so we can best advise you on the best package for your needs. Please don't hesitate to contact our team before hiring if you have any questions.

## STANDARD PACKAGE

- 10m blast hose including deadman handles
- Fully sanitised blast helmet
- Two-man breathing filter
- 10m breathing line
- Tungsten nozzle (5/16)

## PRICES

Package	Weekly hire price	Hose cost
18ltr Blast Pot Package	£262 per week + delivery	20m + £59
50ltr Blast Pot Package	£325 per week + delivery	20m + £75
100ltr Blast Pot Package	£365 per week + delivery	20m + £75
200ltr Blast Pot Package	£405 per week + delivery	20m + £75

### Please note:

- Prices do not include compressor lines.
- A £500 holding deposits is required for new customers.

## COMPRESSOR REQUIREMENTS

We recommend a compressor producing between 175CFM and 250CFM. This should cover use of most nozzle types. We would also recommend using a dryer with this equipment where possible.

## END OF HIRE

Pots should be fully emptied of abrasive and strapped to a pallet before returning. A surcharge of £75 may be levied if the pot is not completely empty of abrasive. Full terms and conditions can be found at [www.airblast.co.uk/hire-terms](http://www.airblast.co.uk/hire-terms) and are provided at point of hire.
